

Ruskin Science Fair

Ruskin Elementary School's 30th annual Science Fair officially begins the week of **February 12, 2018**. Projects are due **Tuesday, April 10th**. For participation, please return the completed and signed bottom portion of this letter to your teacher. For some classes and grade levels, this is a required project. All the information you need to complete a science project is included in the Science Fair Handbook that you can view online at the Ruskin website. <http://ruskin.berryessa.k12.ca.us/>

The 5 categories of projects are INVENTION, MODEL, DEMONSTRATION, EXPERIMENT and COLLECTION.

For all dates and science project information refer to the Science Fair Handbook. **Fill out the participation slip at the bottom of this form and check box A if you want to view/print Handbook online.** <http://ruskin.berryessa.k12.ca.us/> **If you want to receive a paper copy, check box B.**

The Science Fair is NOT A COMPETITION. There is no judging – all participants will be recognized.

Students may look to their parents for guidance in designing a science project. Ruskin is offering a free Science Fair 101 presentation at Ruskin on March 1st, 6:30-7:15.

Science Fair 101 demonstrates the science project basics for parents. The presentation is FREE, lasts around 30-45 minutes, is held in the evening and is appropriate for grades K-6. More information is available on the website.

Please save paper - download/view the Science Fair Handbook online. Thank you.
Cut here and return.

SCIENCE FAIR Participation SLIP
